Abhijit Dengale

Building AI-Powered Solutions | CEO at ZyraTech | Full Stack & ML Developer | Innovating Future Tech
India

Summary

I thrive at the intersection of technology and innovation, transforming complex ideas into impactful, real-world solutions. As the CEO of ZyraTech, I lead a dynamic team in pioneering AI-driven applications, web development, and career empowerment programs.

With expertise in AI, machine learning, and full-stack development, my journey spans leadership roles across fintech and technology firms, where I have spearheaded high-impact projects that boost efficiency, scale businesses, and enhance customer experiences.

Key Highlights:

- # Scaled ZyraTech from startup to an 11+ member team in just 6 months.
- # Launched AI-powered tools that increased customer engagement by 40%.
- # Led fintech projects, reducing operational bottlenecks and improving project delivery speed by 20%.

Always eager to collaborate on innovative projects, let's connect and build something extraordinary!

Experience

ZyraTech
CEO at ZyraTech
September 2024 - Present (8 months)

Responsibilities:

Led the strategic vision and growth of ZyraTech, positioning it as a key player in the tech industry.

Spearheaded the development and deployment of innovative web and AI solutions, ensuring they met market needs and maintained high-quality standards.

Managed a team of skilled engineers and developers, fostering a culture of innovation and continuous learning.

Oversaw end-to-end product lifecycle management, from ideation and design to testing and implementation.

Key Achievements:

Successfully launched a series of AI-powered tools that improved customer engagement and user satisfaction.

Expanded the company's service offerings to include audiobook sales, AI courses, and career assistance programs, diversifying revenue streams.

Grew the company team to over 11+ employees within the first six months, demonstrating rapid scaling ability.

Fostered partnerships and collaborations that enhanced ZyraTech's market presence and technological capabilities.

Money forward

Project Manager Team Lead

April 2024 - October 2024 (7 months)

Tokyo, Tokyo, Japan

Responsibilities:

Led a cross-functional team of developers to deliver high-priority projects, ensuring they met timelines and quality benchmarks.

Played a pivotal role in project planning, task allocation, and team mentoring to enhance productivity and morale.

Actively contributed to the development and maintenance of fintech software, focusing on user-centric features and scalability.

Key Achievements:

Boosted project delivery efficiency by 20% through optimized workflows and resource management.

Championed agile methodologies that enhanced communication and collaboration between departments.

Introduced new tools and technologies that improved development speed and reduced operational bottlenecks.
